JUDGMENT/ORDER

This is an appeal filed under sub-section (3) of Section-19 of the RTI Act, 2005. Brief fact of the case is that the appellant on 17.12.2018 filed an RTI application under Form-A before the PIO-cum-CDPO, Mariyang ICDS Project, seeking various information's in respect of the work called as - '**C/O Road from TAH (Pasi Tinali) to Mopom Circle HQ of Upper Subansiri District**'. The appellant, having failed to get response from the PIO, filed the First Appeal on 05.02.2019 before the First Appellate Authority-cum-Superintendent of Engineering Boleng Circle, Siang District and the same also evoked no response. Being aggrieved of having not received response from the First Appellate Authority, appellant filed the Second Appeal before the Arunachal Pradesh Information Commission on 30.04.2019 and the Registry, having receipt of the same, registered and numbered it as APIC-77/2019 and issued process for hearing of the Appeal.

Now, the appeal has come up today on this 31st day of July, 2019 for the first time before the Commission for hearing. Appellant Shri Nong Darin is present and PIO, who is though not present in person, is duly represented by his Assistant Engineer, Shri Miding Pertin. Both parties present also being heard. During the course of hearing representative of the PIO informed the Commission that all information's sought in RTI application of the appellant under Form-A, being subject-matter of the present appeal, are the same information's sought in his previous RTI application filed by him on 05.01.2018 which have already been furnished by the PIO to the said appellant. Initially, the appellant was confused but now, after detail deliberations and comparison of his previous RTI application

filed on 05.01.2018 with contents of his application filed under Form-A, being subject -matter of this appeal, the appellant admits or accepts the objection raised by the PIO that all contents of his RTI application, being subject-matter of the present appeal , are the same information's sought in his previous RTI application which have admittedly been received by him in earlier occasion. In this context it is relevant to point out herein that the provision of the RTI Act do not permit any citizen to seek the same information again and again from the same public authority.

Considering all above facts and circumstances as discussed aforesaid I find this appeal fit to be rejected. And, accordingly, the appeal is rejected and consequent upon which the appeal stands disposed off and close.

Judgment/order pronounced in the open court today on this 31st day July, 2019. Each copy of this judgment/order be furnished to the parties.

Given under my hand and seal of this Court/Commission on this 31st day of July, 2019.
